

Since its inception in 1994, Duraklad Paints has not only grown to be one of the most sustainable manufacturers of coating products in South Africa, but also spreading its wings to the global market.

For 25 years we have been determined to be leaders in our industry to manufacture and market innovative products of superior quality. All our products are being manufactured to the standards of a Quality Management System - Iso 9001. This would also be to operate a safe, clean and friendly workplace, to observe the highest ethical and legal standards in business conduct and to reward our stakeholders.

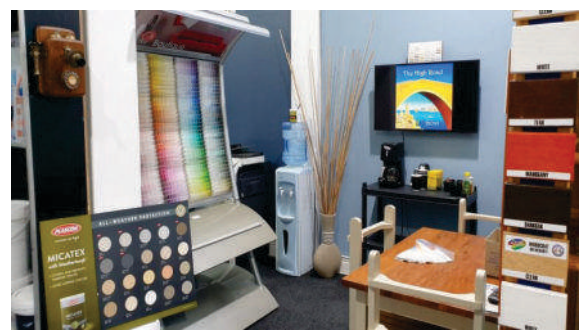

The pursuit of excellence is a commitment, not an achievement. This commitment is a vital part of our culture. It is a pledge that joins every Duraklad employee together in service to our customers and stakeholders.

While creating a mutually beneficial relationship between human progress and sustainable economical growth while uplifting the community in which we operate.

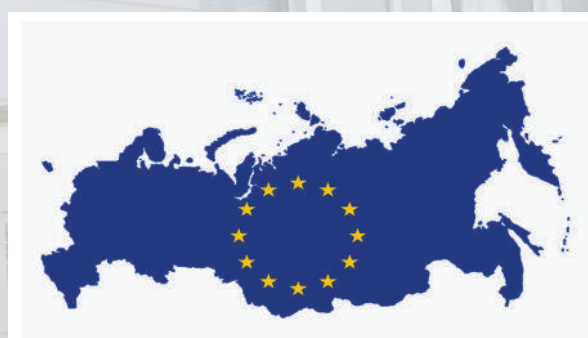

Duraklad's performance stood the test of time and will serve you a lifetime. Duraklad is our flagship product. It has proven itself and remains one of the best paint coating products in the world. It is supported by ground breaking nano-fiber technology. The testimonials from our customers over the past 25 years confirm the superior qualities and staying power of this truly magnificent product.

Manufacturing Standards

Our products have been upgraded to European and USA standards with regard to regulated VOC's. Our decision to "go green" is in line with global and other leading green technology countries. This means any emissions into the atmosphere are being monitored and maintained at almost zero. Our product stewardship and waste management system prevents any spillage or waste ending up in ground water. The preservation of our heritage is a crucial factor, and something on which the livelihood of generations to come depend on.

We continue to adhere to the ISO 9001 Quality Management System and the thorough quality control of our products.

Duraklad, our flagship product, remains one of the best coating products around the globe. It is supported by groundbreaking nano-fibre technology. This product has stood the test of time and will serve you a lifetime!

Duraklad Projects

Client Testimonials

"Duraklad paint is the only paint we trust to paint our schemes with, it has superior quality and no other paint is its equal in coastal conditions. We have painted nearly 70 projects with it and 20 of those were repeat paints."

"Throughout the course of the renovation project, they have displayed a high level of professionalism, ethical manner, experience, dedication and commitment to quality."

WILD PEACH VILLAS

"We received outstanding service from the team and all residents and owners are satisfied in the manner in which the contractor has done his work with minimal inconvenience to tenants. The project ran smoothly."
